# la FONTAINE

What if you could treat  
**ALL SUPERFICIAL SKIN  
IMPERFECTIONS?**

# la FONTAINE

**One device to treat all superficial skin imperfections on face and body**

- + Wrinkles and fine lines,
- + Acne sequels,
- + Dilated pores, irregular skin texture,
- + Pigment spots,
- + Stretchmarks and scars,

**The combination of 3 complementary technologies** macro exfoliation, modeling by micro vibration and LED therapy

**Stimulates the natural resources** of the skin for a new skin

### TIPS

Single-use face and body tips for rigorous hygiene

**UNIQUE IN THE WORLD,** and awarded **3 innovation PRIZES**

AU CONGRÈS INTERNATIONAL D'ESTHÉTIQUE APPLIQUÉE DE PARIS

## WHY CHOOSE LA FONTAINE ?

- + Preventive and corrective treatment
- + 10 years of use
- + Suitable for 100% of your clientele
- + Quick and easy to use
- + Non invasive and painless treatment
- + Effective and fast results
- + Proven rentability
- + Hygiene, Simplicity of use, Safety, Effectiveness

**A COMPREHENSIVE TREATMENT** which combines 3 actions

### Macro-exfoliation

Activates the cell renewal process. This step removes layer after layer of visible skin imperfections.

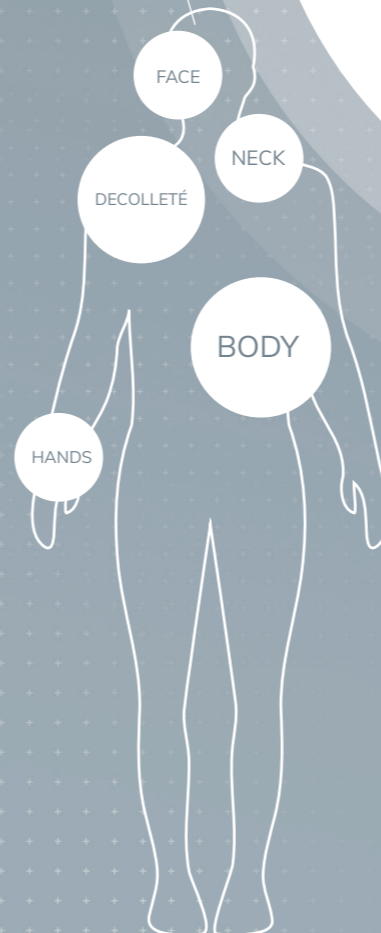

### Micro-vibration

Stimulates the dermal cells by means of mechanical oscillating waves. Increases the production of elastin and collagen.

### LED Therapy

The active wavelength (633 nm) soothes the skin while stimulating the fibroblasts.

### TREATED AREA

STRATUM CORNEUM

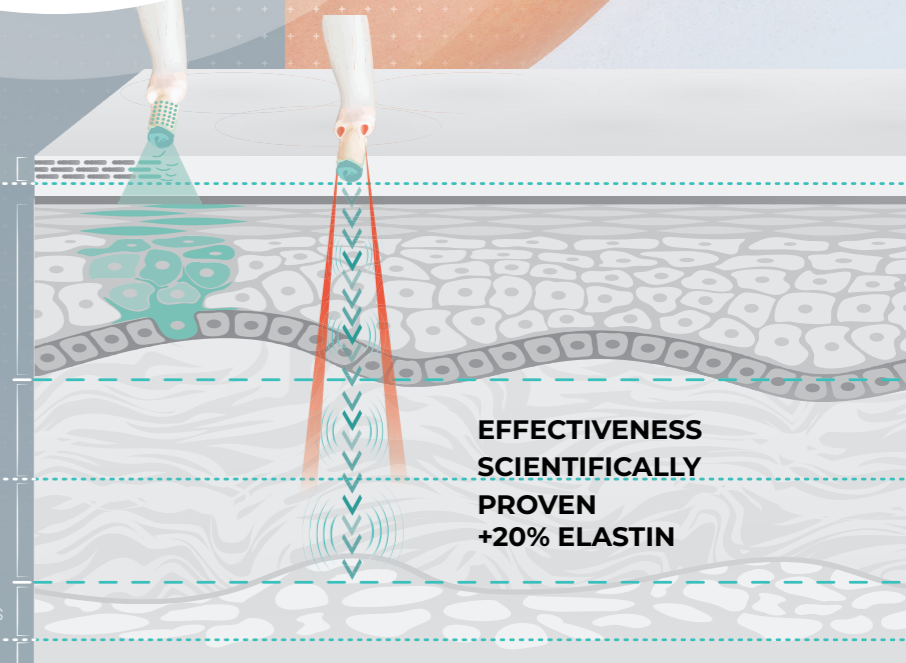

EPIDERMIS

SUPERFICIAL DERMIS
