LIPOCUBE PRP KIT

LET YOUR SKIN SPEAK THE LANGUAGE OF YOUTH!

UNLEASHING THE FUTURE OF SKINCARE TECHNOLOGY WITH LIPOCUBE...

Experience Personalized **VMP** Cream with Your Skin's Own Intelligence

LIPOCUBE transforms the dream into reality, delivering the luxury of personalized plasma skin care tailored to your skin's unique needs.

- First-of-its-kind in the Middle East : Introducing a revolutionary treatment combining in-clinic and at-home benefits.
- Cutting-edge Technology: Built on advanced technology, fusing biomaterials, growth factors, and exosomes with liposomes.
- Patented Technique: Our unique process ensures seamless integration of biomaterials into biological liposomes known as **encapsulation process**.
- Enhanced Skin Penetration: Facilitating the entry of patient's biomaterials into skin cells for remarkable results.

REDEFINING SKINCARE: EXPERIENCE THE **EXTRAORDINARY!**

The only skincare product in the Middle East with patented **encapsulation**. Unlike traditional creams, our product's encapsulated growth factors penetrate the skin effectively. Conventional PRP products lack encapsulation, leading to shorter half-lives. Our phospholipid encapsulation provides enhanced stability and skin cell stimulation, easily crossing the epidermis.

Discover the Science of Personalized Skincare: Your **Plasma**, Your Beauty.

Key Benefits

Nourishing the Skin

Post-Treatment
Skin Rehabilitation

Anti-Aging Properties

Stimulating Cell Renewal

Improved Skin Tone

Fighting Inflammation

PREPARATION :

STEP 1: Extract blood plasma using autologous PRP blood processing.

STEP 2 : Combine 5 cc of plasma with PRP serum using an abeslang for uniform cream consistency.

STEP 3 : Utilize a special machine for encapsulation (optional, 4 minutes) to load bioactive materials.

STEP 4 : Apply PRP Cream twice daily and store in the refrigerator at +4°C for efficacy.
